#### | OVERVIEW |

The Flamefast Mobile Bench OPTION 1 consists of two educational compliant Fretsaws and one HSG250 compliant extractor unit.

The bench is a heavy duty mobile workbench fitted with casters that incorporate a safety wind down rubber foot which acts as a locking mechanism. The frame is made up of 40mm steel box section finish baked in the Flamefast red for a vibrant finish.

All Mobile Benches are supplied fully assembled ready to plug into a single phase 16 amp Commando type socket.

Equipment comes pre-wired and interlocked to extraction. Power requirement, single 16amp Commando type socket controlled by a lockable isolator switch
